## **PETRONAS CARIGALI AWARDS ROC**

### **FOCUSED RECOGNITION AWARD**

ROC, as Project Development Manager (**PDM**) of the D35/D21/J4 PSC in Malaysia, was awarded a “Focused Recognition” by Petronas Carigali, the Operator of the D35/D21/J4 PSC.

The PDM team was recognised for:

- re-strategising and de-risking the Phase-2 drilling campaign, which commenced in 2017 and will continue into 2019;
- completing the D21 and J4 drilling programmes and delivering incremental reserves significantly greater than estimated in the approved Field Development Plan; and
- exceeding the production target for 2017 due to Production Enhancement (optimizing existing well performance) and bringing online new wells at the D21 field.

In addition, the PDM team is proud to have delivered the offshore activities to date, with no significant HSE incidents.
